

Hidramar.

Charateristics:

Hydraulic oil with high viscosity index, low pour point and antiwear properties.
Meets NF specification E DIN 48,600 and 51,525 type HV HLP.

Aplications:

Is primarily recommended for hydraulic systems subjected to severe temperature conditions such as hydraulic equipment deck, remote control systems, and systems telemotors gears for maneuver.

Viscosity			Pour Point (°C)	Flash Point (°C)	Relative Density (15°C)
ISO Grade	cSt at 40°C	cSt at 100°C			
32	32	6.6	-39	200	0.875
46	46	8.5	-39	210	0.880
68	68	11.5	-39	220	0.885
100	100	14.8	-39	225	0.890

Presentación: Tambores de 208 lt; Granel.
